## ***“We install for you”***

RCTI was founded in 1992, as a privately owned company, with 100% Romanian capital.

The evolution of the market and the development of Romania led us to develop RCTI Holding. This holding is now growing and RCTI Company is a young company which is rapidly developing and diversifying.

RCTI Company is recently created, but truly mature and already known for the design, technical consulting and installation of the air conditioning, heating, ventilation and refrigeration systems. RCTI Company has developed an expertise in the piping areas for sewage and water supply. We are constantly developing also in the electrical and automation fields.

We are direct importers of equipment and components for air conditioning, ventilation and refrigeration systems.

Last but not least, there is our prowess for automation and building automation systems.

## ***Focusing on the client needs, keeping the environment safe***

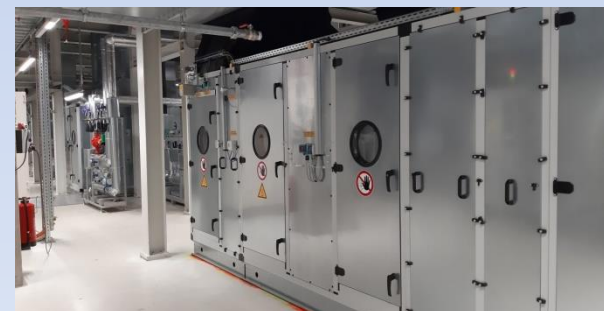

**Our goals:** satisfied customers and technically sound solutions.

We think that each client should have customized solutions to meet their technical needs and budgetary constraints.

We are actively working to provide the best results for our customers, with the aim of protecting the environment at the same time.

### **Our values:**

- Passion
- Competence
- Commitment
- High quality standards
- Care for the environment
- Dynamic team

## Design

Air conditioning systems

Ventilation for industrial and commercial buildings

Heating systems

Sewage and water supply systems

Fire protection systems

Building automation systems

Electrical installations

## Execution

Air conditioning systems

Ventilation for industrial and commercial buildings

Heating systems

Refrigeration systems for warehouses

Piping and equipment installation

Sewage and water supply systems

Fire protection systems

Building automation systems

Electrical installations

# Competencies

## Technical advice

Sewage and water supply systems

Building automation systems

HVAC systems

Fire protection systems

Project coordination

Project controlling

# Competencies

## Fields

Manufacturing plants (automotive, furniture, electronics)

Food processing plants (meat, poultry, fruits & vegetables)

Commercial (hyper- & supermarkets, logistics, banks)

Leisure industry (hotels, restaurants)

Office buildings

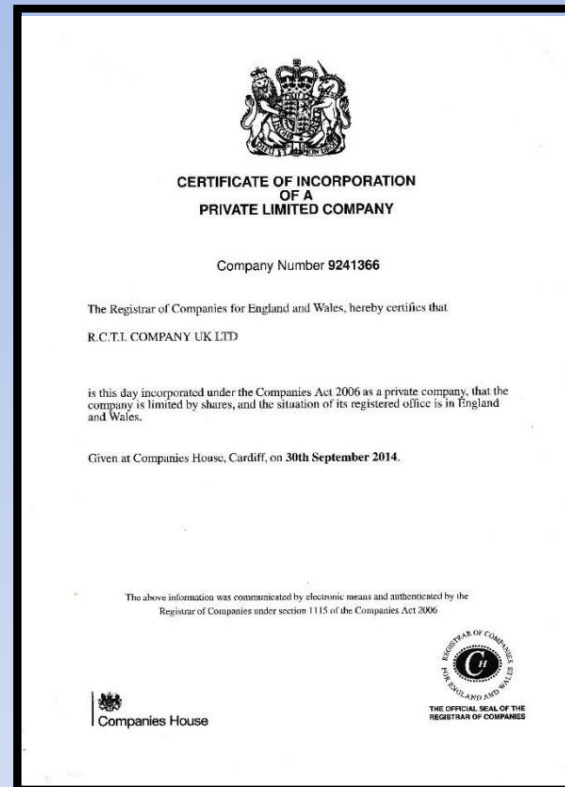

# Development

When good ideas grow into a business, it's natural to have a desire to extend the operation to an entirely new audience.

The first step was made on September 30<sup>th</sup>, 2014, when RCTI COMPANY UK LTD was founded.

The expansion continued in March 2019, when RCTI Elektroklima GmbH was born in Köln.

# Certifications

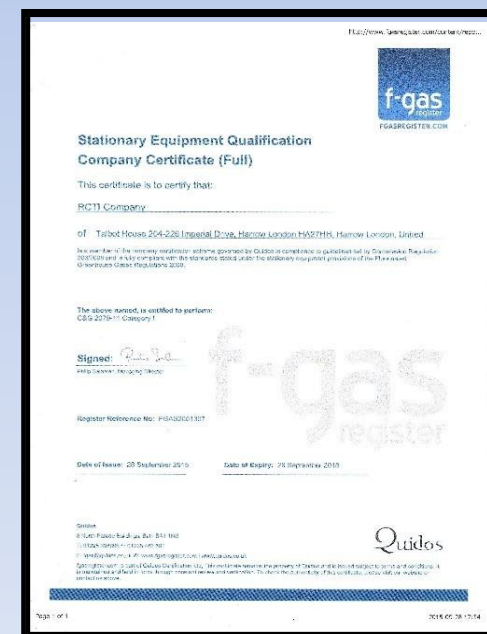

**ISO 9001** system implemented  
certified by QEC

**NICEIC** registered and approved  
Contractor for electrical installations'  
inspection and testing.

**F-GAS** registered and approved  
Contractor for the installation,  
commissioning, servicing,  
maintenance, recovery & leak checking  
of all refrigeration, air conditioning &  
heat pump systems.

Philips Lighting Romania

The Lakeview Office Building,

Barbu Vacarescu 301-311, 9th floor, 020276 Bucharest, Romania

## 2017 PARTNER CERTIFICATE

Awarded to

**R.C.T.I COMPANY SRL**

For commitment in developing a solid business relationship, based on profitable growth and active promotion of Philips lighting solutions.

**Bogdan Balaci**

Commercial Leader Country Group South

**PHILIPS**

# Suppliers

# Portfolio

# Portfolio

# References

**Dagenham** – Panther Project phase 1&2 - Rehabilitation of the engine assembly hall: technological line cooling, compressed air, drinking water, HVAC, electrical installation (lighting, BMS system, IT system, power supply for equipment), conveyor system

Value: 16 mil €; Duration: 2013 - 2019

**Craiova** – A. Rehabilitation of the CKD warehouse (DB16) - Rehabilitation of the heating installation

B. Rehabilitation of the heating unit, chemicals warehouse, painting unit, engine assembly line - replacing the heating unit, construction of the heating/ventilation/air conditioning installation for the hall, anti-blast and thermal station, rehabilitation of the HVAC installation

C. Rehabilitation of the engine assembly hall: technological line cooling, testing room cooling and pump room

D. Rehabilitation of the western main heating pipeline and of the refrigeration testing room

Value: 8 mil €; Duration: 2010 - 2020

**Bridgend** – Dragon Project - Rehabilitation of the Dragon engine assembly and machining hall: technological line, cooling, compressed air, chilled water, effluent, process & drinking water, AC system, HVAC, electrical installation (lighting system, power supply for equipment)

Value: 4.5 mil €; Duration: 2017 - 2019

# References

**Daventry** – New building mechanical and electrical services: water supply, sewage, ventilation, AC, power distribution, emergency lighting, lightning protection, general power and IT systems

Value: 3.7 mil €; Duration: 2014 - 2015

**Saarlouis** – mounting and cabling of error proofing system (distribution boards, terminal boxes, AIS boxes, I/O modules, Poka-yoke, scanners), skid return electrical installation, services upgrade (lighting, sockets, power supplies)

Value: 1.2 mil €; Duration: 2015 - 2017

**Köln** – mounting and cabling of error proofing system (distribution boards, terminal boxes, AIS boxes, I/O modules, Poka-yoke, scanners)

Value: 0.4 mil €; Duration: 2015 - 2017

**Valencia** – mounting and cabling of error proofing system (distribution boards, terminal boxes, AIS boxes, I/O modules, Poka-yoke, scanners)

Value: 0.4 mil €; Duration: 2019

# References

**Sighișoara** – Mechanical and electrical infrastructure for 4 new productions halls: HVAC system, rainwater system, compressed air system, sanitary, fire protection system, lighting busbar system, electrical distribution boards

Value: 6.5 mil €; Duration: 2019 – 2020

**București (Militari, Orhideea, Colentina, Băneasa, Vitan), Brașov, Ploiești, Sibiu, Focșani, Suceava, Arad** hypermarkets – HVAC installations, thermal agent distribution network

Value: 3.6 mil €; Duration: 2001 – 2009

**Oradea** electronic parts factory – HVAC and BMS installation work

Value: 3.5 mil €; Duration: 2004 – 2005

**Ghimbav** – Mechanical and electrical infrastructure for new productions halls: HVAC system, rainwater system, compressed air system, sanitary, fire protection system, lighting busbar system, electrical distribution boards

Value: 2.8 mil €; Duration: 2018

**Mogoșoaia Headquarters, regional centers in Timișoara and Roman** – New buildings including offices, warehouses for spare parts, service workshops – water supply, sewage, HVAC, power distribution, lighting, fire detection, IT and access control systems

Value: 2.5 mil €; Duration: 2013 – 2015

# References

**Bremen** – Mechanical for new production halls: heating system, rainwater system, chilled water system, compressed air system

Value: 1.2 mil €; Duration: 2018 – 2019

**Stuttgart** – Mechanical for new production halls: rainwater system, chilled water system, compressed air system

Value: 0.6 mil €; Duration: 2018

**Leipzig** – New painting line - electrical supply for process technology (machinery and equipment)

Value: 1 mil €; Duration: 2019

**Mioveni** – Medical center - HVAC installation (2 air treatment units, 1 chiller, 60 fan-coil units, thermal point)

Value: 0.9 mil €; Duration: 2002 – 2004

**Pelhrimov** – Agrostroy agricultural machinery plant - electrical supply for process technology (machinery and equipment)

Value: 0.6 mil €; Duration: 2018 – 2019

**Karlsruhe** – Electrical supply for conveyor line system

Value: 0.4 mil €; Duration: 2018

# References

**Arad** component technology factory – HVAC installation, cooling agent distribution network, automation panels

Value: 0.3 mil €; Duration: 2011

**Braşov** auto parts factory – HVAC installation

Value: 0.2 mil €; Duration: 2006

**Braşov, Sibiu, Suceava** – HVAC installation

Value: 0.4 mil €; Duration: 2005 – 2008

**Ghimbav** Industrial Park – HVAC installation, thermal station

Value: 1.6 mil €; Duration: 2008

**Bucureşti** Veranda Mall – Mechanical and electrical infrastructure for new shopping area

Value: 3 mil €; Duration: 2018

**Covasna** pate factory – HVAC installation

Value: 1 mil €; Duration: 2004

**Buzău** poultry farm and slaughterhouse – HVAC for offices, sewage network, water treatment station, hydrants and sprinklers installation

Value: 1 mil €; Duration: 2010 – 2011

# References

---

**Santiago Asset Nürnberg** residential buildings - electrical installation for 105 apartments

Value: 3 mil €; Duration: 2019 - 2020

**Brăila** apartment building – heating, sanitary, ventilation and AC installation

Value: 0.4 mil €; Duration: 2011

# Team

General Manager	- Emil TUDOR
Executive Manager	- Florin IORGULESCU
Technical Director (Mechanical installations)	- Cătălin DUMITRU
Technical Director (Electrical installations)	- Ion VANCEA
Production Director (Sewage, water, fire protection)	- Doru OANCEA

Office staff	43
Engineers	18
Project management and site coordination	11
Support personnel, back office	14
Skilled workers	168
